

HP 965 Ergonomic Wireless Keyboard (7E756AA)

Life. Work. Balanced.

Build a space that works for you with the scientifically-designed HP Ergonomic Wireless Keyboard. The split-zone layout adapts to you, while twenty programmable keys^[1] and a separate numeric keypad offer total customization. And with two ways to connect devices, you can work assured you've got the right tools for the task.

Precisely designed for you

This ergonomic keyboard's adaptable design helps you type in a more natural position throughout the day. Its split zones and negative tilt reduce forearm muscle activity by 19% and lateral wrist deviation by 60%, on average^[2]. Finger-fit keycaps and extra-large wrist rest with high-density foam offers extra support, while the separated numeric keypad can be placed where you want when you need it. Ergonomically designed for you—all backed by Human Factors and U.S. Ergonomics certification.

Personalized performance

Don't work like everyone. Work like you. This keyboard works with you to do just that. Set shortcuts across twenty programmable keys^[1], then choose your wireless keypad's perfect position. Plus, quiet keys and up to a 24-month battery life^[3] on the keyboard and 6-month on the keypad help you stay focused, so your projects stay true to your vision.

Keep your business yours

Securely connect the HP 965 Ergonomic Wireless Keyboard with the HP Unifying Dongle^[4] for one worry-free connection. Or, seamlessly switch to wireless Bluetooth® and link up quick using Swift Pair. You've got options, including multi-device support for up to 3 devices, so you can enjoy a smoother, more productive workflow.

Featuring

Flexible separate numpad

Work the way you want, thanks to the separate numpad. Work more comfortably or save desk space by placing it to the right or left of the keyboard, or even store it away when you're done for the day.

Personalize with the HP Accessory Center

Program up to twenty keys in the HP Accessory Center and share files between devices through HP Clipboard.^[1]

In-keyboard dongle storage

Keep your HP Unifying Dongle in the included storage space to ensure every piece stays with its parts.^[4]

Safe to sanitize

The keyboard is proven to withstand the cleaning power of household disinfectant wipes up to 1,000 times.^[6]

Sustainably sourced packaging

Messaging Footnotes

[1] Only select keys are programmable on the keyboard, not on the numpad. Requires HP Accessory Center (HPAC) Software. HPAC available for free download in Microsoft Store.

[2] Based on HP internal testing compared to standard keyboard.

[3] Battery life is an estimate and varies depending on many factors, including number of active, idle and asleep hours of use, number of applications running, environmental conditions and features used; actual battery life will vary with usage and environmental condition. The maximum capacity of battery will naturally decrease with time and usage. Keyboard has up to 24-month battery life, and numpad has up to 6-month battery life.

[4] Supports only select HP wireless accessories. Requires HP Accessory Center (HPAC) Software to pair/unpair with other HP Unifying dongle-enabled devices. HPAC available for free download in Microsoft Store.

[6] Select household wipes can be safely used up to 1,000 wipes. Testing excludes wrist rest. See wipe manufacturer's instructions for disinfecting and the HP cleaning guide for HP tested wipe solutions at How to Clean Your HP Device Whitepaper (<https://h20195.www2.hp.com/v2/GetDocument.aspx?docname=4AA7-7610ENW>)
